Mission/Vision/Values

Vision

For those who seek – a connection

For those who question – a dialog

For those who create – a palette

For those who imagine – a story

For all – a place to belong

Mission

Timberland Regional Library invites discovery and interaction with our vibrant collection, services and programs for learning, enrichment, and enjoyment for people of all ages in our diverse communities.

Values

Service

- We promote a welcoming, supportive, and enjoyable environment for people of all ages and strive to provide superior customer service.
- We work with people in our communities to meet their individual needs and interests.

Integrity

- We operate the library ethically with accountability, transparency, and clear communication to build public trust in TRL and its staff.

Collaboration

- We develop partnerships to build stronger communities.
- We work together trusting and respecting our various talents to provide the best service possible.

Community Focus

- We are innovative, creative, and flexible in developing library services and programs that meet the needs of TRL's diverse communities.

The TRL 2016 Action Plan

is the third of five annual Action Plans intended to guide the implementation of the 2014-2018 TRL Strategic Plan. The annual Action Plans will provide the focus each year to review the Strategic Plan, evaluate progress, review the current budget and fiscal environment, analyze industry trends in services and technology, and extend the roadmap for providing excellent, contemporary, and relevant library service for the more than 485,000 residents of Grays Harbor, Lewis, Mason, Pacific and Thurston counties.

The “Strategic Plan for Timberland Regional Library - 2014-2018”

was developed in 2013, based on a year-long effort guided by outside library consultants and a Strategic Planning Committee, a working committee of TRL Board members and managers. The process included focus groups with community stakeholders and library staff; a survey of library staff, Board members, Library Friends, and community officials; an environmental scan of planning documents in all five counties; and an exploration into future trends impacting public libraries across the United States.

Service Priorities, Goals, and Strategic Initiatives for 2014-2018

were identified by the Library Board of Trustees and staff, based on the data gathered in the strategic planning process. The six service priorities are (not in priority order):

- Strengthen families and youth
- Support local economies
- Support community engagement through culture, history, and the arts
- Promote the library as a community gathering place
- Enhance collections and technology
- Foster a supportive work environment

Community and user focus in planning:

Public libraries must continue to be aware of and provide for the needs of their communities. Few organizations are in a position to make a difference in their communities in the way libraries can. It is more critical than ever to be flexible and attuned to the fiscal and technological environment as well as to the needs, desires, and preferences of our various communities – library users, non-users, staff, partner organizations, schools, cities, and current and future partners and other stakeholders.

In 2012, TRL re-focused library services and budget planning on information gathered from surveys of library users, non-users, and staff; Community Conversations with a wide range of demographic and user groups; and a thorough review of current and potential partners.

In 2014, 2015 and 2016 TRL conducted the online UW Impact Survey, a survey tool that helps public libraries understand their communities and how people use the library's public technology resources and services and plan for future use.

In 2016, TRL plans to conduct several surveys, including an online customer satisfaction survey and a non-user phone survey. TRL will continue to evaluate and adopt other tools for assessing and understanding user and community needs and for measuring the impact of library services on individuals and communities.

Strategic Initiatives and Activities for 2016

Services, Programs and Outreach

Timberland Regional Library provides quality services to library patrons through programs, events and activities for children, teens, families, adults and seniors. In 2015, TRL served our communities with 3,088 programs attended by more 81,288 people and 703 outreach events attended by 56,711 people. TRL has the familiar annual district-wide programs: Summer at the Library, Family Read & Sing Aloud, Adult Winter Reading and Timberland Reads Together, plus hundreds of author programs, book discussion groups, storytimes, music performances, computer and technology classes and more.

In 2016, TRL services, programs and outreach activities will focus on these Service Priorities identified in the 2014-2018 Strategic Plan:

- Strengthen Families and Youth
- Support Local Economies
- Support Community Engagement through Culture, History and the Arts

Service Priority: Strengthen Families and Youth

Goal 1: Preschool children enter school ready to read. Parents and caregivers have the tools to help their children develop literacy skills.

Strategic Initiative 1:

Support parents and caregivers in preparing children to be ready to read when they enter school.

	Activities 2016:	Date Completed / Comments
1.	Survey staff and communities to determine needs in early literacy information.	Staff surveyed throughout 2016, new training approach piloted 2017; communities will be surveyed in first quarter 2017
2.	Research devices and apps and develop budget requests for training, learning outcomes, and implementation.	Digital Kids tasked with app research to be completed by June 2017 with a program manual and app list; devices for program use received December 2017; program implemented throughout 2017; pilot sites deemed unnecessary; 2017 budget includes funds for this project
3.	Develop a comprehensive early literacy training for staff.	Training developed. Implementation in 2017.

Strategic Initiative 2:

Strengthen partnerships with community and government agencies to build early learning skills.

Activities 2016:		Date Completed / Comments

Service Priority: Enhance Collections

Timberland Regional Library provides patrons with a collection of more than 1.4 million books, DVDs, magazines, CDs; over 40,000 downloadable OverDrive eBooks, audiobooks, music and videos; and over 300,000 online audiobooks, music albums and more through hoopla. Recent improvements to timely delivery of collection include: purchase of additional copies of feature films and other popular items and leasing popular books instead of purchasing them. To meet continued patron demand for print and electronic materials TRL subscribed to hoopla for digital videos, audiobooks, music, comic books and e-books and to Zinio for popular digital magazines; continued to purchase downloadable eBooks, audiobook, music and videos from OverDrive; and purchased pre-loaded eReaders from Barnes and Noble for checkout to provide access to eBooks and introduce patrons to eReaders. TRL reduced the number of copies to fill patron holds; holds ratio continues to be 5:1. TRL regularly assesses the collection and evaluates new products to introduce to patrons.

Goal 1: People served by TRL have access to robust collections and current technology.

Strategic Initiative 1:

Provide robust and innovative print and digital collections.

Activities 2016:	Date Completed / Comments
1. Implement a DVD Security case pilot project Lacey and Yelm Timberland libraries.	January 2016 Implemented. July 2016 submitted a report and recommendation to Admin. to expand security cases to libraries with the highest missing rates. Implemented in three additional libraries in October 2016.
2. Implement guidelines and procedures for digitization as a pilot project at Centralia.	2016 Procedures have been updated and shared with the community libraries.
3. Evaluate options for online games.	Recorded Books is now offering online games through One Play. Will follow up at a later date.

4.	Analyze the value of eContent and database offerings versus per circulation costs.	October 2016 The Selectors and Reference Coordinator reviewed print, eContent and databases to recommend reductions needed to address a 16.4% reduction in the materials budget.
5.	Review technology that will assist in streamlining processes in Collection Services with Computer Services.	Collection Services staff have worked with staff in Computer Services on Blue Cloud cataloging, Digitization, Transition of Periodicals to Sirsi, Authority clean-up and review and updating of Home Locations and Item Types.
6.	Reduce the hold ratios to 15 copies or less.	Because the Selectors are monitoring the Purchase Alerts Lists, the holds ratios have been reduced to 10 copies or less.
7.	Oversee the weeding of the SC Storage collection using updated guidelines.	The Non-Fiction Selector will be weeding the storage collection in 2017.
8.	Transition the Periodical Holdings List to Sirsi Dynix.	In process. Transition should be complete by June 2017.
9.	Evaluate adding the SELF-e platform to TRL's digital collection.	SELF-e platform was added in May 2016.
10.	Create eLearning tutorials for staff to learn about Collection Services processes, resources and how decisions are made using Niche Academy.	As we streamlining our processes in Collection Services, we have delayed

creating tutorials for staff.

Service Priority: Enhance Technology

Given increasing demands for online resources, TRL constantly monitors and upgrades technology. Network upgrades are planned and implemented annually consistent with the federal E-rate discount program. Desktop and server hardware and software is upgraded on a regular cycle. Public Wi-Fi is available and popular in all libraries and will be upgraded in 2016. The website, integrated library system, PC and print management systems, events calendar and other systems are upgraded frequently to improve usability and functionality.

Goal 1: People served by TRL have access to current technology.

Strategic initiative 1:

Provide innovative technology that meets the needs of patrons and staff.

	Activities 2016:	Date Completed / Comments
1.	Upgrade existing wireless access points and add additional wireless access points in larger buildings to provide better coverage for patrons.	Completed. New access points installed throughout 2016
2.	Research and implement replacement for Library Online.	Pharos chosen as replacement by Task Force. Implementation began Dec. 2016
4.	Upgrade bandwidth for some of the libraries with slower connections.	OK upgraded. AM, WI, and MC pending final vendor work
7.	Evaluate need for additional mobile devices for libraries.	Purchased and began distributing iPads to each library and Youth Services
8.	Implement MobileCirc for inventory control and outreach. This would allow some ILS work to be done on a tablet.	MobileCirc is available on all iPads distributed by Computer Services

Marketing, Communications

TRL publicizes library events, resources and services through multiple marketing channels to inform current patrons, to attract and encourage new patrons and to develop library advocates in our communities. In addition to designing and promoting TRL's major initiatives (Adult Winter Reading, Family Read & Sing Aloud, Summer at the Library, Timberland Reads/Writes Together and Storytimes) throughout the year and creating and printing a district newsletter every other month, the Communications Department will continue maintaining social media sites with a TRL presence, implement a new and more robust email marketing system to send timely and targeted emails, while tracking library mentions with our online news monitoring service, Meltwater. A promotional plan with a timeline will be developed for TRL's 50th anniversary celebration.

Finances, Budget

TRL utilizes priority based budgeting. Each year TRL identifies the most important service priorities, determines how much revenue is available and allocates available resources to those priorities. The best approach is to create linkage between the annual budget planning system and the strategic planning system that began in 2013. Comprehensive goals developed through strategic planning are the continued focus for the 2017 budget priorities.

TRL's primary revenue source is property tax. Each year, additional property tax revenue comes from new residential and commercial construction. Although there are clear indicators of a slight recovery within the construction industry, there is no clear indication that the recovery will contribute much new revenue to TRL's 2017 budget. The 2017 Budget Priorities were developed with the knowledge that 2017 revenue will be stable with limited new revenues. TRL's other significant revenue source is timber tax which is conservatively estimated due to inherent volatility of the market and future Department of Natural Resource policy impacts.

	Activities 2016:	Date Completed / Comments
1.	TRL will have sustainable funding - provide long-term outlook for special purpose funds in conjunction with capital planning.	Analysis of special purpose funds will occur in 2017
2.	TRL will not sacrifice future decisions for today - review dedication of timber revenue towards operational needs and the impact on funding for long-term.	On-going
3.	TRL will maintain a desired level of reserves – maintain reserve levels within desired parameters	On-going
4.	TRL will be aware of external shocks – review external factors.	On-going
5.	Evaluate and streamline all operations and activities in the Business Office	On-going

Facilities

Timberland Regional Library provides service to the residents of Grays Harbor, Lewis, Mason, Pacific and Thurston Counties through 27 community libraries, the Administrative Service Center, three kiosks, and one school and one tribal library partnership. TRL owns and maintains 9 libraries. The remaining 18 libraries are in buildings owned and maintained by cities. As the publishing industry changes and shifts to more electronic content, the need for space to house physical collections has changed. In recent years the library has provided access to computers, computer software, electronic resources, Internet and Wi-Fi connections. The library has always been and continues to be a gathering place in the community where people meet, study, relax, collaborate, and attend programs. These changing roles require ongoing evaluation of the purpose and physical layout of library buildings. In 2016 TRL will update and augment the 6-10 Year Capital Facilities Plan to plan for the future of our libraries by considering design, support services and physical facilities systems. TRL staff will continue monthly facilities visits to libraries.

Summary

Timberland libraries provide: a welcoming environment where everyone is free to access information, exchange ideas and experience learning opportunities that enhance the quality of life of each community; resources, services, and programs that support the information, education, and recreation needs of people of all ages; and vibrant collections and current technology services that are responsive and relevant and serves the varied interests of our patrons and staff.

Timberland identifies underserved areas and populations to extend and improve service; promotes awareness of library resources through public relations, advocacy, and partnerships; is a responsible steward of the library's resources and is accountable to its public; and strives for continuous improvement to meet the future needs and interests of our communities, balancing new and existing services with financial constraints.

Timberland employees are highly qualified, trained, and dedicated to providing outstanding service.

The 2016 TRL Action Plan, guided by the TRL 2014-2018 Strategic Plan, provides a roadmap for the delivery of library services in 2016 and beyond. The six Service Priorities identified in the Strategic Plan are meant to focus and strengthen TRL while increasing the number of library users and enhancing services. The Annual Service & Budget Planning Calendar highlights the process for ongoing evaluation and planning of library services in conjunction with annual budget planning. Semi-annual updates on Action Plan progress will be provided to the Board of Trustees, TRL communities and staff.
